GENERAL ALPHABETICAL INDEX

Volume 176 July - December 1971

A

ACCOUNTING

AICPA proposes changes to require lessees to capitalize most leases (N) Dec 1 15
Arkansas co-ops team to save programming costs Dec 1 ..... *58
FPC audit hits utilities for fund misclassification (N) Sept 15 29
FPC proposes new method of accounting for contributions in aid of construction (N) Dec 1 15
FPC sets up a new account (N) Sept 15 15
FPC's rulemaking on diversification opposed by utilities (N) Nov 15 28

ADVERTISING

see also **Public Relations** .....
Bill that would limit advertising by utilities generates hearing in Madison, Wisconsin Sept 15 173
Commonwealth Edison's environmental ads improve company image Oct 15 97
Environment ads: Truth or consequences (N) Aug 1 75
New Jersey PUC president strongly protests AGA promotional commercial aired on TV (N) Dec 15 20

AFRICA

Capetown awards turnkey contract to Curtis-Wright (N) Dec 1 92
Liberia orders hydraulic turbines for Mount Coffee generating station (N) Sept 15 177

AIR CONDITIONING

Off-peak air conditioning next? (N) Aug 15 107
San Diego G&E's subsidiary Applied Energy sells chilled water July 15 82
Study shows air conditioning in schools still open question (chart) Oct 15 99

AIR POLLUTION

see **Environmental** .....

ANNIVERSARIES

GE's Nela Park celebrates golden anniversary (N) Aug 15 ..... *107
Tesla, Nikola: Forgotten man of the utility industry (Ed) July 1 7

APPLIANCES

'Frivolous' appliances use few kwhr says EEI Oct 15 98
Water-heater leasing gets big push Sept 15 146

AREA DEVELOPMENT

Pennsylvania Electric fights to save a town – Tyrone, Pa. Aug 15 ..... *106

ASIA

Afghanistan contracts with A-C for hydraulic equipment (N) Nov 1 135
Japan: first nuclear fuel fabricated will be shipped to Pakistani AEC (N) Sept 1 61
Japanese develop void-free polyethylene for transmission cables Sept 15 89
Japanese substation transformer impedance hits high Sept 1 39
South Vietnam: distribution is biggest headache for Saigon power system (N) Sept 1 ..... *26
Taiwan's new EHV system requires new training July 15 ..... *49

ASSOCIATIONS

Air Pollution Control Assn.'s 64th annual meeting: Environment ads – Truth or consequences (N) Aug 1 75
Aluminum Assn forms an aluminum electrical conductor information service (N) July 1 91
AEIC meeting hosted by ITE Imperial (N) Oct 15 140
American Nuclear Society's new president is John Landis (N) July 1 63
APPA design award won by Delta pumping station (N) July 15 ..... *25
Atomic Industrial Forum-American Nuclear Society annual meeting: AEC changes its emphasis (N) Nov 15 26
Canadian Electrical Assn. meeting: Wisniewski discusses remote-controlled sectionalizing as key to halting climb in customer outage rate July 1 ..... *49
EEI confirms EHA's position on proposed Marketing Division merger (N) July 1 19
EEI/EHA merger progresses (N) Aug 1-20, (N) Oct 1 20
EEI grants $250,000 to Cornell U for controlled fusion experiments (N) Sept 15 20
EEI objects to Senate bill on water quality (N) Oct 1 31
EEI publishes 1971 rate book (N) Sept 15 15
EEI report shows load patterns show little unused diversity July 15 54
EEI tabulation shows 'frivolous' appliances use few kwhr Oct 15 98
EEI 39th convention: new siting laws not needed says Carver July 1 ..... *27
EEI will contribute to ASTM "Project Threshold" (N) Nov 1 20
EEI's Harris says no power crisis (N) July 15 26
EEI's new chairman Shearon Harris airs his views – EW interview July 1 ..... *30
Electric Power Council on the Environment sponsoring a National Conference on the Utilization of Waste Heat, Oct 27-29, (N) Oct 1 140
EW fall Marketing Conference: Utilities must spread the gospel (N) Nov 15 ..... *27
Financial Analysts Federation 24th annual conference: Rudolph of CEI and Simpson of Westinghouse – projections of the industry through the '70s (N) July 1 15
IEEE '71 Nuclear Science Symposium: Radiation effects on computer memories can be overcome Dec 15 78
IEEE Power Engineering Society: Research is key to utilities' future Aug 15 ..... *36
IEEE Power Engineering Society's 1971 Conference on Underground Distribution: corrosion and direct burial share UD stage Oct 15 54
IEEE Power System Engineering Group defines T&D outages and interruptions July 1 50
NARUC 83rd Annual Convention: Asks more R&D, rate freedom after freeze ends (N) Oct 1 29
NARUC urges coal export cutback (N) Oct 15 28

(Ed) Editorial. *Illustrated. (N) News.

NEMA revises medallion standards Dec 1 63
Northwest Electric Light & Power Assn 64th annual meeting: speakers react to proposals that marketing should be cut to conserve natural resources (N) Oct 1 30
Northwest Public Power Assn's 18th annual Electrical Marketing Conference: Public power has problems, too Nov 15 93
Sierra Club: is it planning a reevaluation of its stand on electric power? (N) Oct 1 140
Sierra Club compromises internal strife (N) Aug 1 .. 27
Sierra Club petitions FPC to take on permit-issuing authority for Four Corners steam plants (N) Oct 1 . 20
Sierra Club will oppose further nuclear plants along undeveloped portions of California coastline (N) Sept 15 33
SEE manuals describe advantages of electricity over flame fuels Oct 15 98
World Energy Conference: 'Low-cost' power passé (N) Oct 15 25

ATOMIC ENERGY COMMISSION
Atomic Industrial Forum-American Nuclear Society annual meeting: AEC changes its emphasis (N) Nov 15 26
Breeder reactor program see **Nuclear Power**
Construction permits, licensing etc. see **Nuclear Power**
Consolidating Chicago and N.Y. operations offices (N) July 15 77
Constructing a new aquatic ecology laboratory in Oak Ridge (N) Aug 1 66
Enrichment technology to be given to private US companies (N) July 15 77
Gravel, Sen., plans to ask GAO to investigate use of AEC funds for public-relations attack against him (N) Aug 15 19
Illinois Atty. Scott files suit to enjoin AEC from issuing even a restricted operating license for the two 809-Mw Quad Cities units (N) Dec 1 20
JCAE flays Administration on enrichment (N) Aug 1 24
JCAE ploy may hike breeder funds (N) Aug 15 .. 28
Muntzing, L. Manning is AEC's new director of regulation (N) Nov 15 33
New commissioners may be James R. Schlesinger and William O. Doub (N) Aug 1 20
Nixon appointees Schlesinger and Doub (N) Sept 1 27
"Nuplex" on the SE coast of Puerto Rico boosted by joint government-industry study (N) Aug 1 .... *27
Plans for gradual disposal of its uranium stockpile and indefinite deferral of enriching of foreign uranium for domestic power reactors – comments sought (N) Nov 1 19
Plutonium fabrication plants' regulations may up fuel costs (N) July 1 63
Proposed legislation requiring early hearings for nuclear power plants, JCAE won't complete action this year (N) Nov 15 20
Radiation discharges see **Environmental – Nuclear; Environmental – Thermal**
Research may make drastic reductions in public radiation exposure possible (N) Dec 1 33
Schlesinger: a middle ground on the environment – Washington Comment Sept 15 11
Sillin Jr. says new procedures "pose a serious threat to the reliability and continuity of the bulk power supply of Connecticut and New England" (N) Oct 15 33
Thermal pollution see **Environmental – Nuclear; Environmental – Thermal**
Waste disposal: Nuclear power faces yet another obstacle – Washington Comment Nov 1 11
Will discuss gaseous diffusion with ten nations (N) Aug 15 19

AUSTRALIA
Jarvis Bay station decision deferred (N) July 15 .. 77
Uranium: International agreement to stabilize markets Aug 1 66

AWARDS
APPA design award won by Delta pumping station (N) July 15 ..... *25
Edison Award to Central Power & Light Co July 1 .. 27
Power-Life Award to Philip Sporn Aug 15 ..... *39
Reddy Kilowatt award to American Electric Power July 1 27

B

BATTERIES
see also **Industrial Applications – Electric cars**
Battery-powered 'bucket' could extend truck-engine life Dec 15 ..... *80
Battery-powered electric riding mower Sept 15 .... *145

BOILERS
Are precipitators dead? Interview with Research Cottrell's W.G. Henke (chart & table) Aug 1 .... *30
Electrode boilers
Electrode boilers make sense. L. G. Spielvogel (chart) Sept 1 ..... *70
How do you sell electrode boilers? J.J. Sullivan (tables) Sept 1 72
All-electric college, Bergen Community College, uses high-voltage boiler Sept 1 ..... *74
Package boiler yields 350,000 lb/hr (N) Aug 15 .. 137
Perspective on generation: Is the size race dead? (chart) July 15 41

BONNEVILLE POWER ADMINISTRATION
Controlled switching-surge CB's (N) Nov 1 ..... *138
Fat-tire jeeps used in lieu of full-track snow vehicles (N) Sept 1 ..... *82
550-kv air-blast breaker offers one-cycle tripping Nov 1 ..... *62
Hodel, D.P. breaks the news gently on rate hikes (N) Nov 1 26
Panorama Point tower and vista house honored by APPA (N) July 15 ..... *25

BOOK REVIEWS
Politics of Trade in Power Plant: Impact of Public Procurement. Dr. Barbara Epstein Sept 15 174
State Codes and Regulations for Emergency Power. Legislative committee of Engine Generator Set Manufacturers Assn Sept 15 174

BRITISH ISLES
Bradwell nuclear station's No. 2 reactor back on line (N) Dec 15 19
Britain's entry into the Common Market will cut US manufacturers' share of British electrical imports (N) Dec 15 117
CEGB closes Ffestiniog plant in North Wales after discovery of explosives in nearby quarry (N) Aug 1 19
CEGB new chairman is Arthur Hawkins; Electricity Council new chairman is Peter Menzies (N) Oct 15 20
CEGB plans to halt conversion of coal plants to oil burning (N) Aug 15 99
Coal ash disposal: where have all the ashes gone? (N) Sept 15 160
Strain gages fight cracking in casings of cycling turbines. T. John David (chart) Dec 1 ..... *36
Survey shows heavy-electrical-equipment manufacturers sagging (N) July 15 111
TNPG warns of possible employee layoffs (N) July 15 77

BUSES
CEI installs first SF_6 345-kv bus. D.R. Green Dec 1 ..... *40

C

CABLES
Cable-fire test facility gives reproducible results July 1 ..... *38
Cable systems grow complex, expensive. W. G. Schwartz (charts & tables) Aug 15 46
Commonwealth Edison and ASEA joint effort will explore urban HVDC July 15 48
Direct hydraulic-compressed splice stirs UD industry (N) Sept 1 ..... *117
Frogmen float underwater cable to shore Nov 15 .. *49
Japanese develop void-free polyethylene for transmission cables Sept 15 89
Mexico City subway system: splicer shortage solved by using electric wipe Sept 1 ..... *37
Philadelphia Electric's Peach Bottom fire spurs improved cable design. John Forencsik Nov 15 .... *36
Philadelphia Electric's underground 15-kv cable and substation supply residential development Sept 15 . *88
Prices (N) Aug 15 131
Three-unit package strings cable over rivers Oct 15 .. *81
Underwater cable-, pipe-laying speeded Oct 15 .... *80

CANADA
Churchill Falls: communications tie project (map) Sept 15 130
Churchill Falls: Massive transporter 'shuttles' transformer haul to Churchill Falls Dec 1 ..... *49
Hydro-Quebec system's transmission line outages (N) July 15 19
Manitoba's HVDC lines operate as 230-kv ac circuit (N) Dec 1 19
Ontario Hydro report criticizes utility's dependence on Candu design and gives US-developed designs "the nod" (N) Sept 15 33
Ontario Hydro's 'Foremost' vehicle eliminates tower climbing, lifts 3-man crew 75 ft Sept 15 ..... *118
Quebec Assembly creates a crown corporation for developing James Bay region's hydro (N) Aug 15 .. 19
Rupert River to generate 6,000 Mw for Hydro-Quebec (map) July 15 ..... *52
Scientists suggest proposed James Bay hydro plant can jar weather (N) Oct 15 108
Vancouver, B.C. engineers and businessmen bid $3.8 million for Revelstoke utility (N) Oct 15 20

CAPACITORS
Space radio controls switched capacitor for Baltimore G&E Sept 15 ..... *86

CAPACITY ADDITIONS
Four Corners: Morton puts year's moratorium on plant starts (N, map) July 1 25
22nd annual electrical industry forecast. L.M. Olmsted (charts & tables) Sept 15 41

CARRIER CURRENT
see **Communications, Controls** .....

CIRCUIT BREAKERS
Controlled switching-surge CB's for BPA (N) Nov 1 . *138
550-kv air blast breaker offers one-cycle tripping at BPA Nov 1 ..... *62
Georgia Power's staged faults check URD protection I.O. Berkhan (charts & tables) July 15 ..... *46
SF_6 handler streamlines CB maintenance at Southern California Ed Nov 1 ..... *60

COMMUNICATIONS
Arkansas co-ops team to save programming costs Dec 1 ..... *58
Canada: communications tie Churchill Falls hydro project and transmission system (map) Sept 15 ... 130
Detroit Edison: Before you dig – dial 'Miss Dig' Oct 15 ..... *86
DIDS system: Alas and alack, the black box is back (N) Dec 15 34
EW fall Marketing Conference: Utilities must spread the gospel (N) Nov 15 ..... *27
Frequency telemetering system for Venezuelan hydro project: device removes frequency 'jitter' Sept 15. . *131
GE system called GESCAN uses word-and-phrase-scanning technique Sept 1 ..... *57
GE's 'grain of salt' lamps simplify electronic displays Oct 15 ..... *87
Discharge water's heat gauged from air with radiometer in an airplane (maps) Aug 1 ..... *65
Duke Power's microwave radio system links entire system Oct 1 ..... *88
Georgia Power expands microwave for more system reliability Sept 1 ..... *44
Georgia Power's microwave net shoots for 99.98% reliability. H.A. Price Jr. (map) Dec 15 ..... *76
Minicomputer offers functional versatility July 1 .. *73
Quincall system offers 'direct-dial' supervisory control. Pretre & Liss (chart) Nov 1 ..... *63
Signalarm system warns of high tension proximity Sept 15 ..... *131
Sketchprep system: Final drawings from rough sketches Nov 15 81
Space radio controls switched capacitor for Baltimore G&E Sept 15 ..... *86
Supervisory system has 'voice' (N) Nov 15 ..... *140
Union Electric's instant weather maps aid system load predictions Nov 1 ..... *84
Utilities see trouble from Civil Defense radio net (N) Aug 15 25

COMPUTERS
Analytical engineering wed to computer graphics. M.G. McGraw Aug 15 ..... *76
Analytical studies to sharpen planning – IEEE Power Engineering Society meeting Aug 15 ..... *38
Arkansas co-ops team to save programming costs Dec 1 ..... *58
Computer plays bigger role – IEEE Power Engineering Society meeting Aug 15 39
Data file and equivalent program designed for short-circuit studies July 1 65
EW Status Report: Control systems – Minicomputer poised for role in system control (chart & tables) Nov 15 ..... *56
EW Status Report: Distribution circuit automation (charts) Dec 15 ..... *63
GE system called GESCAN uses word-and-phrase-scanning technique Sept 1 ..... *57
Hartford Electric Light's computer tells of engine failings Oct 1 ..... *89
How utilities feel about the RCA dropout (N) Nov 15 ..... *137
Hybrid calculator speeds system studies (chart) Oct 15 ..... *74
Kansas G&E orders two-computer supervisory control system July 1 65
Minicomputer offers functional versatility July 1 .. *73
Northern States Power's computer pinpoints trouble spots, speeds distribution restoration July 1 73
Philadelphia Electric model simulates reheat unit dynamics. Fink & Kwatny (charts) Sept 1 ..... *30
Program for Electrical System Short-Circuit Analysis (Essca) meets design aims Sept 15 ..... *105
Programs model diesels for plant backup Sept 1 .. 34
Radiation effects on computer memories can be overcome Dec 15 78
System shields tapes from magnetic damage Sept 1. . *57
Trends, computerized system guides turbine-maintenance program (N) July 15 ..... *113
Zinsco Electrical Products says computer multiplies plant output (N) July 15 114

CONDENSERS
Hydro Quebec's Duvernay substation gets oversize synch condenser (N) Oct 15 ..... *143
Prices (N) Aug 15 131

CONDUCTORS
Aluminum Assn forms an aluminum electrical conductor information service (N) July 1 91
CEI installs first SF_6 345-kv bus. D.R. Green Dec 1. *40
Direct hydraulic-compressed splice stirs UD industry (N) Sept 1 ..... *117
Feasibility study of SF_6-insulated submarine circuits July 15 49
Outrigger-wheeled cart resolves conductor travel for Con Ed Nov 1 ..... *61

CONNECTORS
Direct hydraulic-compressed splice stirs UD industry (N) Sept 1 ..... *117
Prices (N) Aug 15 131
25-kv connector interchangeability project is pushed (N) Sept 1 122
25-kv elbow adds margin of reliability at Memphis Light, Gas & Water Div. D.O. Webster Nov 1 .... *64

CONSTRUCTION
Aerial rig handles various jobs for College Park, Ga. municipal utility Nov 15 ..... *70
Albany, N.Y. development construction speeded with heating/cooling and kitchen modules July 15 82
BWRs: Further improvements ahead for BWRs. George M. Roy (chart & tables) Dec 1 ..... *34
Building 'cores' natural for all-electric Oct 15 .... *96

(Ed) Editorial. *Illustrated. (N) News.

Canada: Rupert River to generate 6,000 Mw for Hydro-Quebec (map) July 15 . . . . . *52
Chattanooga, Tenn., UD project hits $1-million mark. F.S. Datres Aug 1 . . . . . *46
CEI installs first SF_6 345-kv bus. D.R. Green Dec 1. *40
Con Edison's pipeline dug quietly on 42nd Street Nov 15 . . . . . *69
Con Edison's trailer speeds cable pulling, reel handling July 1 . . . . . *72
Contracts gaining (N) (table) Aug 15 127
Detroit Edison: Before you dig – dial 'Miss Dig' Oct 15 . . . . . *86
Direct hydraulic-compressed splice stirs UD industry (N) Sept 1 . . . . . *117
EW status Report: UD mobile equipment – UD construction vehicles blunt force of 'creeping inflation'. M.G. McGraw Sept 1 . . . . . *48
Factory assembly of major components speeds turbine job for TVA (N) Sept 1 . . . . . *118
Foam backfill takes place of concrete. E.C. Richey II Nov 15 . . . . . *48
Frogmen float underwater cable to shore Nov 15 . . *49
Harrison Power Station erection of 1,000-ft chimneys incorporates unique features Sept 15 . . . . . *73
Housing affiliates bill has even chance (N) Dec 1 . . 28
Huge augers, cranes speed 765-kv line for Niagara Mohawk Power Nov 15 . . . . . *68
Huge hoe moves gravel for fish hatchery Nov 15 . . *70
IEEE Power Engineering Society's 1971 Conference on Underground Distribution: corrosion and direct burial share UD stage Oct 15 54
Jersey Central P&L suing GE for damages claimed from delayed completion of the JCP&L Oyster Creek, N.J., nuclear plant (N) Aug 15 29
Louisiana P&L's finned foundations tame a swamp Aug 1 . . . . . *50
Mexico City subway system: splicer shortage solved by using electric wipe Sept 1 . . . . . *37
Mobile drill helps 'carve' a trench Aug 1 . . . . . *60
Mobile rig, Schramm T64 Rotodrill, cuts holes for columns at site of Davis-Besse Nuclear Power Plant July 1 . . . . . *68
Montaup Electric's truck, crane tailored for line work 86 ft up Aug 15 . . . . . *87
NERC report on bulk power adequacy: Build transmission sooner for operating flexibility (charts) Dec 1 46
Nebraska Public Power District's Cooper nuclear station: Management attention results in improvements in labor stoppages (N) Aug 1 66
New England reserve impaired by plant delays Dec 15 . . . . . *72
Nuclear schedules face uncertainty: new units added since last year's survey total 22; lead times now run as long as nine years (tables) Oct 15 40
Ontario Hydro's 'Foremost' vehicle eliminates tower climbing, lifts 3-man crew 75 ft Sept 15 . . . . . *118
Orange & Rockland Utilities' selective R/W construction protects nature's virginity Dec 1 . . . . . *43
Outrigger-wheeled cart resolves conductor travel for Con Ed Nov 1 . . . . . *61
Philadelphia Electric's Peach Bottom Atomic Power Station: On-site assembly solves installation problem Dec 15 . . . . . *54
Pipe-pusher eases under-the-road jobs for Florida P&L Nov 1 . . . . . *76
Plant capital costs spiraling upward – survey by G.K. Rhode of Niagara Mohawk (charts) July 1 36
Prepackaging of T&D material resolves field-erection confusion Oct 15 . . . . . *53
Seattle substation design frees future air rights Sept 1 . . . . . *38
'Square-on' bucket positioning eases aerial cable work Nov 15 . . . . . *50
Substations: Can you cut costs? (charts) Aug 1 48
Tampa Electric's hydraulic system eases driving ground rods Sept 15 . . . . . *119
TVA's Browns Ferry Nuclear Plant cost of construction lighting cut Oct 1 . . . . . *67
– correction (letter) Dec 1 110
Three-unit package strings cable over rivers Oct 15 . . *81
25-kv elbow adds margin of reliability at Memphis Light, Gas & Water Div. D.O. Webster Nov 1 . . . . *64
22nd annual electrical industry forecast. L.M. Olmsted (charts & tables) Sept 15 41
Underwater cable-, pipe-laying speeded with new submarine trenching service using Gopher Mark II Oct 15 . . . . . *80
Wisconsin Electric Power's Haymarket Square station in Milwaukee: Double-decker substation has style. Millin & Silva July 1 . . . . . *46

CONTROLS

Computer control see **Computers**
EW Status Report: Control systems – Minicomputer poised for role in system control (chart & tables) Nov 15 . . . . . *56
EW Status Report: Distribution circuit automation (charts) Dec 15 . . . . . *63
Georgia Power expands microwave for more system reliability Sept 1 . . . . . *44
Kansas G&E orders two-computer supervisory control system July 1 65
Mexico City subway system: entire Metro system controlled from dispatching and control center Sept 1 . . . . . *37
Philadelphia Electric model simulates reheat unit dynamics. Fink & Kwatny (charts) Sept 1 . . . . . *30
Philadelphia Electric orders first "Power Generation Control Complex" (N) July 15 111
Quincall system offers 'direct-dial' supervisory control. Pretre & Liss (chart) Nov 1 . . . . . *63
Remote-controlled sectionalizing key to halting climb in customer outage rate: Wisniewski at CEA meeting July 1 . . . . . *49
Space radio controls switched capacitor for Baltimore G&E Sept 15 . . . . . *86
Supervisory system has 'voice' (N) Nov 15 . . . . . *140

COOPERATIVES

Arkansas co-ops team to save programming costs Dec 1 . . . . . *58
Central Wisconsin Electric Co-op purchases Tigerton Electric Co (N) Sept 1 15
Co-ops blast long-range North Central power plan – Washington Comment Dec 1 11
Hoosier plant: Federal government returns Hoosier to Indiana Statewide Rural Electric Co-Op (N) Aug 1 19
House votes record funding for co-ops (N) Aug 1 . . *23
Kansas municipals and co-ops form two joint power agencies (N) Aug 1 20
Loan-fund hearings: Co-ops show angry face (N) Nov 15 25
Oklahoma co-ops authorized to establish public housing authorities in rural districts (N) Sept 1 . . . 27
RUCAS: Co-ops hear of continuing URD design problems Aug 1 49

CORPORATE CHANGES

AEP's acquisition of Columbus & Southern Ohio Electric
Merger hearings (N) July 15 19
SEC says Cook is dodging witness chair (N) Aug 15 28
Takeover frozen by stalemate (N) Nov 1 27
Berkeley (Calif.) Council holds open proposal for feasibility study on acquiring Pacific G&E's distribution system (N) Nov 15 19
Central Vermont PS Corp proposes to buy Perkinsville Electric Corp (N) July 15 15
Central Wisconsin Electric Co-op purchases Tigerton Electric Co (N) Sept 1 15
Commonwealth Associates forms Environmental Systems Div (N) Sept 15 182
EAI acquires Visual Educom (N) Sept 1 122
Fuel conglomerates: House group warned (N) Dec 1. 27
GE sets up new Chemical Div in Pittsfield, Mass. (N) Oct 15 133
Gulf United Nuclear Fuels Corp. formed (N) Aug 1. . 82
Honeywell reorganizes into two autonomous operating units (N) Oct 1 143
Iowa Power merger with Iowa-Illinois G&E called off (N) July 1 19
Case reopened by FPC (N) July 1 26
McGraw-Edison Co establishes Area Lighting Div (N) Nov 1 135
Multi-Amp Corp. completes acquisition of States Co. (N) Dec 1 92
New Bedford Gas & Edison Light and Cape & Vineyard Electric seek FPC approval to merge (N) Nov 15 20
Public Service E&G and Atlantic City Electric weigh affiliation (N) Aug 1 19
Scam Instrument and Riley Stoker will merge (N) Sept 15 177
Sperry Rand agrees in principle to acquire RCA's computer business (N) Dec 15 117
Square D acquires Bell Electric Co (N) Sept 15 177

CORROSION

IEEE Power Engineering Society's 1971 Conference on Underground Distribution: corrosion and direct burial share UD stage Oct 15 54

D

DESALINIZATION

"Nuplex" on the SE coast of Puerto Rico boosted by joint government-industry study (N) Aug 1 . . *27

DIESEL POWER

Computer programs for analysis of diesels for plant backup Sept 1 34

DISTRIBUTION

Berkeley (Calif.) Council holds open proposal for feasibility study on acquiring Pacific G&E's distribution system (N) Nov 15 19
EW Status Report: Distribution circuit automation (charts) Dec 15 . . . . . *63
Prepackaging of T&D material resolves field-erection confusion Oct 15 . . . . . *53
Remote-controlled sectionalizing key to halting climb in customer outage rate: Wisniewski at CEA meeting July 1 . . . . . *49
South Vietnam: distribution is biggest headache for Saigon power system (N) Sept 1 . . . . . *26
T&D outages and interruptions defined by IEEE Power System Engineering Group July 1 50
22nd annual electrical industry forecast. L.M. Olmsted (charts & tables) Sept 15 41

DISTRIBUTION, UNDERGROUND

Chattanooga, Tenn., UD project hits $1-million mark. F.S. Datres Aug 1 . . . . . *46
Commonwealth Edison and ASEA joint effort will explore urban HDVC July 15 48
EW Status Report: Distribution circuit automation (charts) Dec 15 . . . . . *63
Georgia Power's staged faults check URD protection. I.O. Berkhan (chart & tables) July 15 . . . . . *46
IEEE Power Engineering Society's 1971 Conference on Underground Distribution: corrosion and direct burial share UD stage Oct 15 54
Let's face it: underground costs more (Ed) Oct 1. . 7
Memphis Light, Gas & Water Div: 25-kv elbow adds margin of reliability. D.O. Webster Nov 1 . . . . . *64
Philadelphia Electric's underground 15-kv cable and substation supply residential development Sept 15 . *88
RUCAS: Co-ops hear of continuing URD design problems Aug 1 49
Seattle City Light's undergrounding program slashed (N) July 15 19
22nd annual electrical industry forecast. L.M. Olmsted (charts & tables) Sept 15 41
URD progress since 1969 – How far from Anaheim? – report. W.C. Hayes (charts & tables) Oct 1 . . 47-54

E

EDUCATION

Power engineers prepped in testing techniques (N) Dec 1 . . . . . *99

ELECTRIC ENERGY MARKETING

Albany, N.Y. development construction speeded with heating/cooling and kitchen modules July 15 . 82
Arkansas House of Representatives raises lighting levels July 1 78
Building 'cores' natural for all-electric Oct 15 . . . . *96
Chicago Board of Trade Building conversion heat job adds 17-Mw load July 15 82
EEI confirms EHA's position on proposed Marketing Division merger (N) July 1 19
EEI/EHA merger progresses (N) Aug 1-20, (N) Oct 1 20
Electrical equipment market: Caveat emptor (Ed) Nov 15 7
EW fall Marketing Conference: Utilities must spread the gospel (N) Nov 15 . . . . . *27
EW Status Report: Downtown street lighting. E.F. Gorzelnik (tables) Aug 1 . . . . . *68-73
Electrode boilers
Electrode boilers make sense. L.G. Spielvogel (chart) Sept 1 . . . . . *70
How do you sell electrode boilers? J.J. Sullivan (tables) Sept 1 72
All-electric college, Bergen Community College, uses high-voltage boiler Sept 1 . . . . . *74
FHA calls for more insulation to save energy (chart) Aug 15 108
Fuel cell moves into field-test stage July 15 . . . . . *81

Salt River Project's truck-driving school Dec 1 . . . . *48
Second International Electric Vehicle Symposium & Exposition to be held in Nov. Oct 15 99
'Square-on' bucket positioning eases aerial cable work Nov 15 . . . . . *50
Tower mounted on tractor for R/W work Nov 1 . . *77
Utility trucks feature automatic 'nonslip' four-wheel drive (N) Dec 15 . . . . . *121

VOLTAGE REGULATION

Physics of megavoltage breakdown are studied Nov 15 . . . . . *49

(Ed). Editorial. *Illustrated. (N) News.

AUTHOR INDEX

A

Avery, Donald & Donald Hunter: Plutonium question: Recycle or store? Aug 1 . . . . . *38

B

Barthold, Lionel O. & Bruce Howlett: Selection of transmission route calls for multidiscipline approach Dec 1 . . . . . *42
Beckwith, R.W. & R.L. Watt: Phase-angle telemetering aids system operation Sept 1 . . . . . *42
Bell, Robert S.: Nuclear demands better maintenance July 15 38
Berkhan, I.O.: Staged faults check URD protection July 15 . . . . . *46
Best, John D. & H.J. Young: The linear motor comes of age Dec 1 . . . . . *60
Burton, T.G. & others: Dead-end 230-kv without structure Sept 1 . . . . . *36

D

Datres, Fred S.: UD project hits $1-million mark Aug 1 . . . . . *46
David, T. John: Strain gages fight cracking in casings of cycling turbines Dec 1 . . . . . *36
DeCorso, S.M. & G. Vermes: Low-cost fuels coming for gas turbines Sept 15 . . . . . *70
Desai, Ashwin F. & John E. Stewart: Cryogenics: A solution to radioactive pollution Nov 15 39

F

Falkenberry, H.L. & A.V. Slack: SO_2: More questions than answers Dec 15 . . . . . *50
Fink, L.H. & H.G. Kwatny: Model simulates reheat unit dynamics Sept 1 . . . . . *30
Forencsik, John: Peach Bottom fire spurs improved cable design Nov 15 . . . . . *36
Freeman, S. David (interview): Freeman reviews power decisions – past and future Nov 1 . . . . . *28

G

Gorin, E. & others: Gaps add safety margin for 500-kv hot-line work Nov 15 . . . . . *47
Gorzelnik, Eugene F.: Relighting is key to revitalizing downtown business districts Aug 1 . . . . . *68
Green, D.R.: CEI installs first SF_6 345-kv bus Dec 1. . *40
Grossman, Howard: How to buy pollution-control equipment Aug 15 119

H

Harris, Shearon (interview): Don't apologize for meeting demands July 1 . . . . . *30
Hayes, William C.: An old technology is coming of age Aug 15. . . . . *64
URD progress since 1969 – How far from Anaheim? Oct 1 47
Heinemann, Herman: Dumbbell-shaped target simplifies surveying July 15 . . . . . *47
Henke, William G. (interview): Are precipitators dead? Aug 1 . . . . . *30
Hodson, H.O. Southwestern PS will join grid in '72 July 1 64
Hogg, Roger M.: Nuclear-plant waste management: 1 Oct 15 . . . . . *46
Howlett, Bruce & Lionel O. Barthold: Selection of transmission route calls for multidiscipline approach Dec 1 . . . . . *42
Hubacher, E.J. & others: Gaps add safety margin for 500-kv hot-line work Nov 15 . . . . . *47
Hunter Donald, & Donald Avery: Plutonium question: Recycle or store? Aug 1 . . . . . *38

J

Johnson, Frank K. & others: Lighting boosts flower production Nov 15 . . . . . *92

K

Kwatny, H.G. & L.H. Fink: Model simulates reheat unit dynamics Sept 1 . . . . . *30

L

Levy, Leander: Oil dielectric tests need major revision Nov 15 . . . . . *46
Liss, R. & M. Pretre: New system offers 'direct-dial' supervisory control Nov 1 . . . . . *63

M

Maneatis, J.A. & others: Gaps add safety margin for 500-kv hot-line work Nov 15 . . . . . *47
McGraw, Michael G.: Analytical engineering wed to computer graphics Aug 15 . . . . . *76
EW Status Report: Mobile equipment July 15 . . . . *68
EW Status Report: UD mobile equipment Sept 1 . . *48
Millin, H.R. & M.T. Silva: Double-decker substation has style July 1 . . . . . *46
Morgan, W.A. & C.V. Watters: Earlier system studies can cut plant costs Aug 1 56

N

Noesen, Stanley J. & others: Lighting boosts flower production Nov 15 . . . . . *92

O

Olmsted, Leonard M.: 17th steam station cost survey reveals steep rise for busbar energy Nov 1 39
22nd annual electrical industry forecast Sept 15 . . 41

P

Piccione, N.E.: Shunt device guards isolated tank of buried transformers July 1 . . . . . *48
Pinchbeck, William & others: Lighting boosts flower production Nov 15 . . . . . *92
Pretre, M. & R. Liss: New system offers 'direct-dial' supervisory control Nov 1 . . . . . *63
Price, H.A. Jr.: Microwave net shoots for 99.98% reliability Dec 15 . . . . . *76

R

Richey, E.C. II: Foam backfill takes place of concrete Nov 15 . . . . . *48
Roy, George M.: Further improvements ahead for BWRs Dec 1 . . . . . *34

S

Schwartz, W.G.: Cable systems grow complex, expensive Aug 15 46
Silva, M.T. & H.R. Millin: Double-decker substation has style July 1 . . . . . *46
Simmons, H.O. Jr. & D.D. Wilson: Accuracy emphasized in use of analyzers Oct 1 . . . . . *74
Slack, A.V. & H.L. Falkenberry: SO_2: More questions than answers Dec 15 . . . . . *50
Spielvogel, L.G.: Electrode boilers make sense Sept 1 . . . . . *70
Stewart, John E. & Ashwin F. Desai: Cryogenics: A solution to radioactive pollution Nov 15 39
Stiles, David N. & others: Lighting boosts flower production Nov 15 . . . . . *92
Stoner, R.W. & others: Dead-end 230-kv without structure Sept 1 . . . . . *36
Sullivan, John J.: How do you sell electrode boilers? Sept 1 72

V

Vermes, G. & S.M. DeCorso: Low-cost fuels coming for gas turbines Sept 15 . . . . . *70

W

Watt, R.L. & R.W. Beckwith: Phase-angle telemetering aids system operation Sept 1 . . . . . *42
Watters, C.V. & W.A. Morgan: Earlier system studies can cut plant costs Aug 1 56
Webster, Dan O.: 25-kv elbow adds margin of reliability Nov 1 . . . . . *64
Wilson, D.D. & H.O. Simmons Jr.: Accuracy emphasized in use of analyzers Oct 1 . . . . . *74

Y

Young, H.J. & John D. Best: The linear motor comes of age Dec 1 . . . . . *60

Z

Zimmerer, C.B. & others: Dead-end 230-kv without structure Sept 1 . . . . . *36

(Ed) Editorial. *Illustrated. (N) News.
